Who makes custom lithium-ion battery packs?

As a pioneer in future-ready power solutions, CMB is your trusted partner for custom lithium-ion battery packs. CMB's 21700 Li-ion battery packs offer advanced lithium-ion battery technology in compact and high-energy-density packaging. They provide superior power and longevity suitable for various applications.

What makes American battery solutions unique?

AMERICAN CRAFTSMANSHIP, UNCOMPROMISING PERFORMANCE. At American Battery Solutions Inc., we've combined our automotive experience and industrial robustness to develop a series of low-voltage lithium-ion batteries and high-voltage propulsion lithium-ion batteries-- Alliance Intelligent Battery Series(TM) and Proliance Intelligent Battery Series#174;.

Who is American Lithium Energy?

American Lithium Energy (ALE) is a leading manufacturer of advanced lithium-ion batteries focused on sustainable energy solutions. Founded to develop high-performance energy storage systems, ALE serves sectors such as electric vehicles, defense, aerospace, medical technology, and energy storage.

Can a customer own a brand name of a lithium ion battery?

Private labeling and packaging for either big or small customers. Starting from 10,000 per order, customer can own their own brand name. Help to apply UN38.3 shipping document for your custom Lithium ion batteries. Sample of our UN38.3 tested batteries. Help to apply IEC62133 for battery packs build by battery space.

Our expert engineers and technicians deliver custom, high-performance, reliable, and safe battery solutions tailored to your unique and demanding requirements.

With more than 120+ years of collective experience in custom battery pack design and battery distribution, we have the knowledge and expertise to help you through your most complex ...

At BatterySpace, we provide all your needs for custom batteries. We carry a full line of different kinds of batteries, as well as top brand batteries in our US warehouse.

Our custom low-temperature batteries are specially designed to excel in cold environments. These battery packs discharge below -50°C with high capacity retention and effectively charge ...

Americase designs each lithium battery storage container to perform under extreme conditions, providing unmatched thermal protection, shock resistance, and modular scalability.

With over a decade of experience supplying the Department of Defense and Department of Energy, ALE is known for innovative silicon anode battery ...

Explore high-quality off-the-shelf lithium-ion battery packs and custom solutions for commercial and industrial applications.

Yes, we can custom manufacture batteries to meet your specific needs. If you have particular requirements regarding size, cell type, rate, distance, or AH (amps) and V (voltage) ...

With more than 120+ years of collective experience in custom battery pack design and battery distribution, we have the knowledge and expertise to ...

Our process begins with custom-configured assembly lines designed around your product. We use robotics, real-time monitoring, and in-line testing to build lithium battery packs with ...

With over a decade of experience supplying the Department of Defense and Department of Energy, ALE is known for innovative silicon anode battery technologies and custom formats ...

We design and manufacture custom cylindrical battery packs for industries globally including Lithium Ion, NiMH, Polymer and LiFePO4.
