Where can I get solar panels in Cape Town?

Solar Guru offers solar panels, solar inverters and solar batteries for all your solar installation requirements in Cape Town. Solar Guru offers solar panel products to all provinces across Cape Town, Western Cape. By using solar panels in Cape Town, you are generating electricity in a dependent manner from using Eskom.

Do solar panels increase resale value in Cape Town?

Property Value Increase: Homes with solar installations have higher resale value. Energy Independence: Protection against rising Eskom tariffs and load shedding. The cost of solar installation in Cape Town depends on various factors, including system size, battery storage, and installation complexity.

How long do solar panels last in Cape Town?

Many solar panel manufacturers provide solar panel warranties up to 30 years for residents in Cape Town. However, solar panels can become less efficient over the years to produce clean energy compared to when you installed them in Cape Town. Solar Panels in Cape Town lose around 0.5 efficiency per year which is not much at all.

Are off-grid solar panels worth it in Cape Town?

A fully installed off-grid solar system in Cape Town can be pricey but, it can save a large amount of money in the long term. Solar panels in Cape Town generate DC power which is stored in a solar battery bank. The off-grid solar inverter converts the DC power stored in the battery bank to AC current to use in your home in Cape Town.
