-----

Japanese manufacturers have developed compact and modular circuit breakers that occupy less space without compromising performance. These designs facilitate easier ...

Fuji Electric founded in 1923, Japan, is a leading manufacturer of low and medium voltage distribution and motor control equipment such as ...

We satisfy the needs of our customers with highly reliable products and various types of medium-voltage apparatus that support recent sophisticated power-receiving and distributing systems ...

Our precision circuit breakers are used in the railways for rolling stock, signalling systems, power supply units as well as in generators, welding ...

Welcome to the virtual factory tour of Mitsubishi Electric's Fukuyama Works. Visit our factory online - anytime, anywhere from your PC or ...

Japan's top-level manufacturers are at the forefront of innovation in this field, providing cutting-edge solutions that enhance ...

Fuji Electric founded in 1923, Japan, is a leading manufacturer of low and medium voltage distribution and motor control equipment such as magnetic contactors, thermal overload ...

Due to recent concerns about semiconductor procurement, the timing of the launch of the new MCCB TemBreak PRO is being affected. We apologize for the inconvenience, but we ask that ...

CIRCUIT BREAKERS Terasaki was the first company in Japan to develop circuit breakers entirely in-house. We are satisfied the wide range of needs from customer by the enrich function on ...

Welcome to the virtual factory tour of Mitsubishi Electric's Fukuyama Works. Visit our factory online - anytime, anywhere from your PC or smartphone - to closely view and learn about how our ...

Coastal Power Systems provides expert solutions in circuit breakers, switchgear, motor controls, and custom electrical panels for industrial, commercial, and offshore needs.

Our precision circuit breakers are used in the railways for rolling stock, signalling systems, power supply units as well as in generators, welding machines and medical equipment.

We offer a full lineup from 1P to 4P circuit breakers, with a range of rated currents and breaking capacities. We have two types of miniature earth leakage breakers. You can choose from ...

Japan's top-level manufacturers are at the forefront of innovation in this field, providing cutting-edge solutions that enhance productivity, safety, and sustainability.
